## PROFILE SUMMARY

Enthusiastic **Full Stack Developer** with **6 months of hands-on experience** in designing, developing, and deploying web applications. Proficient in both front-end and back-end technologies. Demonstrated ability to collaborate effectively within a team and contribute to all phases of the software development lifecycle. Passionate about learning new technologies and implementing best practices.

## WORK EXPERIENCE

Appsvolt, Ahmedabad

05/2024-11/2024

### Project 1: Hairbender Master (Admin Section)

Technologies: PHP, Laravel

- Developed and customized the admin section based on design specifications.
- Integrated data management features for seamless content addition and updates.

### Project 2: Fintech Web

Technologies: Prisma, GraphQL

- Worked on backend development using Prisma for ORM and GraphQL for API queries.
- Ensured efficient data retrieval and management for the financial services platform.

### Project 3: MERN Stack Application

Technologies: MongoDB, Express.js, React.js, Node.js (MERN)

- Developed full-stack applications using the MERN stack.
- Focused on building dynamic and responsive user interfaces while handling server-side logic.
